Previous Relevant Experience:

Auditorium Technician for BCPA (2025-): Working on whatever needs to be done for the theater. Working in the shop, helping tech shows, loading in and loading out, etc.

Catholic University Scene Shop Student Job (September 2024-): spend 6-8 hours a week working in the Scene Shop doing a myriad of tasks: putting together the productions(set construction, painting, light hanging and patching, etc.), organizing and cleaning the shop, and assisting school faculty with personal projects. Successfully taken the lead of multiple projects.

Art At Work LLC (Summer 2024 and 2025): spent three days helping move, set up, and use the equipment necessary for drafting and painting the Preakness logo

Catholic University Scene Shop Crew Credit (Spring Semester 2024): Fulfilled my 60-hour crew credit, did the best with my time in the shop, and gained significant shop-related experience and skills that I did not have previously

Boy Scouts (2014-2022): In my time in the Boy Scouts I learned the importance of teamwork, leadership, and organization. I served as a Patrol Leader and as Troop Quartermaster both involved a lot of communication and planning. I ensured the boys in my troop stayed safe, respectful, and happy. The Quartermaster position also required me to keep a constant inventory of the Troop's supplies and move them in and out of the trailer.
